2.2.2 Detailed

$BIDEN is a token built on the Binance Smart Chain with a launch date of October 20th and a starting price of 0.00003 per $BIDEN.

There are 333m $BIDENS in circulation with a capped supply. That's 1 token for every American (based on the population in October 2021)

This stimulus comes from a 10% tax. Every time a $BIDEN transaction is made, the tax is redistributed as follows, 5% to $BIDEN holders, 3% for marketing & 2% to liquidity which creates a higher price floor over time. Incredible stiminomics!
